Subject: Hermes Insurance

To confirm our discussion:

As Hermes Insurance pays 90% of each RVT claim, those receivables essentially become Hermes receivables from RVT. We keep the remaining 10%. If we receive any money direct from RVT, 90% is to be remitted to Hermes.

Regarding the accounting for the receipt of the Hermes payments, please advise as to how this will be handled. Will the RVT receivables be credited for the 90% we receive from Hermes? You should have a legal opinion on this.

Thanks for all your help.

Regards,
Bill

We now have thetape and transcripts in both English and German of the aforementioned broadcast that appeared in Germany last Thursday evening. Betty Cho will get copies to you, as well as to Geoff and David Dangoor both of whom have asked for them.

We're still waiting to find out how the media covered the broadcast over the weekend.

You may want to discuss with Andy Reiman whether any claims in the show warrant legal action.
